NOTE: Soft end cuffs Other diameters are available on special request

CAPS, COUPLINGS, HOSE, NIPPLES & PLUGS PROVIDED FOR POTABLE WATER & BLUE WATER SERVICE REQUIREMENTS

- Service couplings for potable water (3/4") and blue water (1") aircraft fill servicing.
- Service plugs for potable water and blue water couplings used to prevent internal contamination.
- Service nipples for potable water and blue water truck/cart installation.
Utilized for liquid fill servicing or to store and secure couplings onto service vehicles.
- Service caps for potable water and blue water fill and drain port sealing. Caps assist in the prevention of white and blue ice while virtually eliminating spillage onto the ramp.
